Parçalar - Parts - Teile

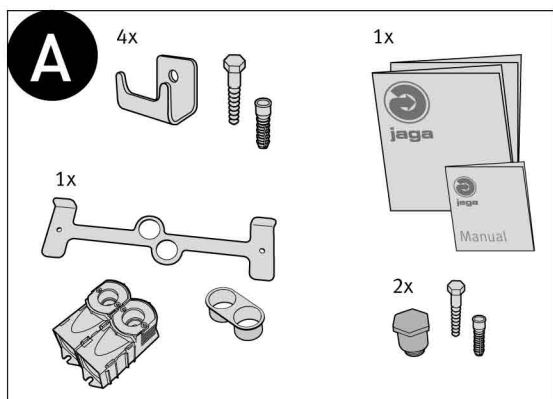

Açılama - remarque - Anmerkung - remark

Heatwave el yapımı bir üründür. Bu yüzden bazen renkte veya ölçülerde farklılıklar olabilir. Bu renk farklılıkları zaman içinde kullanımla kaybolacaktır.

Dans la mesure ou le Heatwave est un produit artisanal, des petites différences de couleurs ou de dimensions sont possibles. Cette différence de couleur se stabilise après le durcissement des matériaux utilisés.

Da der Heatwave ein handgemachtes Produkt ist, können kleine Farb- oder Massabweichungen vorkommen. Diese Farbabweichungen geben sich mit der Zeit, sie passen sich durch die Nutzung an.

The Heatwave is a hand-crafted product. Hence, minor colour or dimensional variations can sometimes be evident. After initial curing, minor colour variations will tend to even out over the surface of the material.

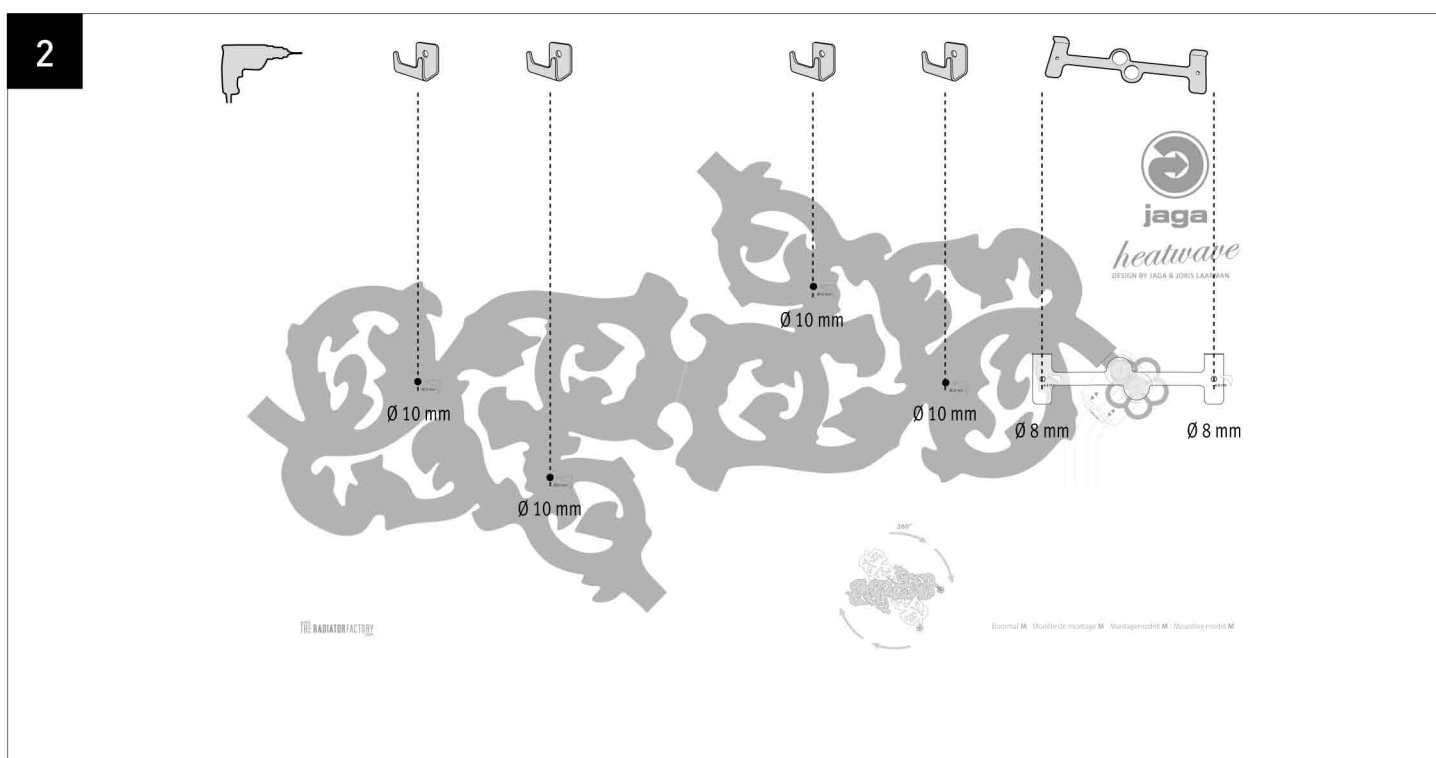

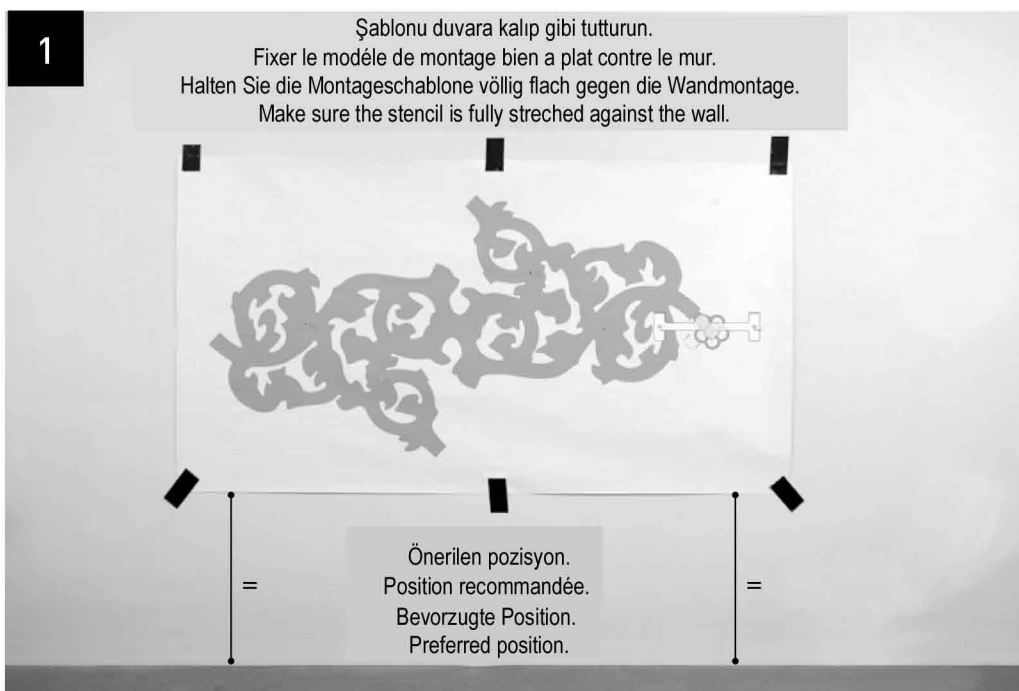

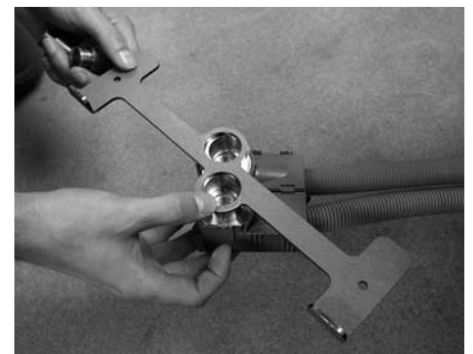

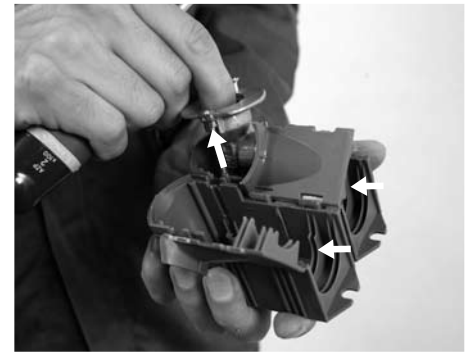

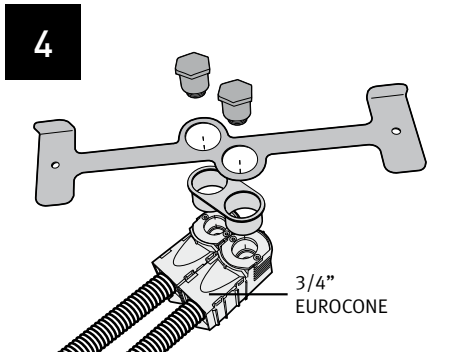

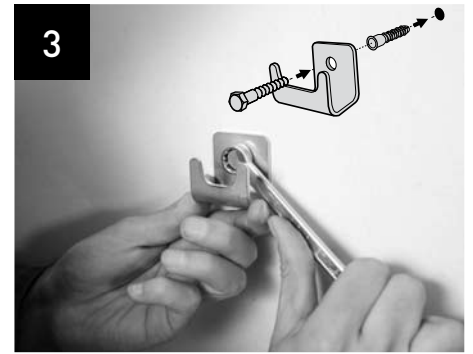

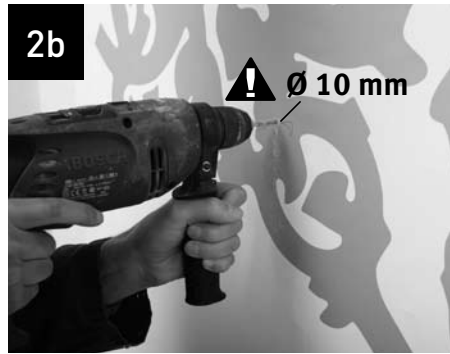

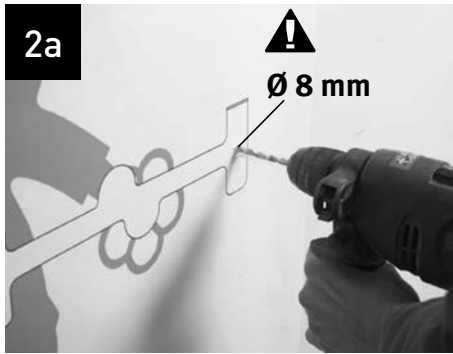

Duvar montaj şablonu, teçizatları ve valf bağlantılarını ambalajdan çıkarın.

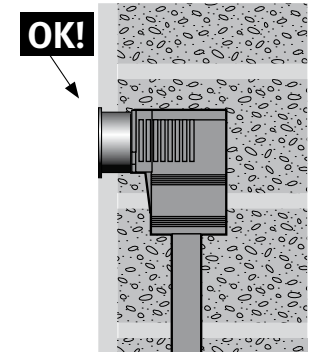

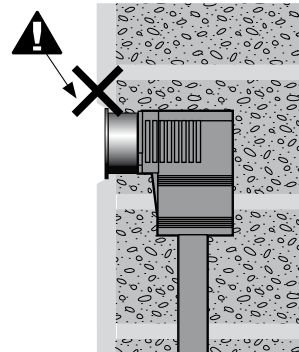

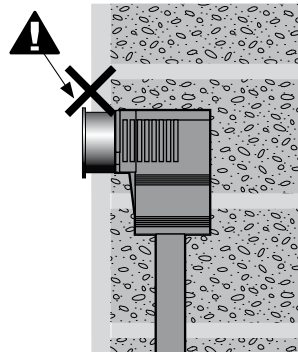

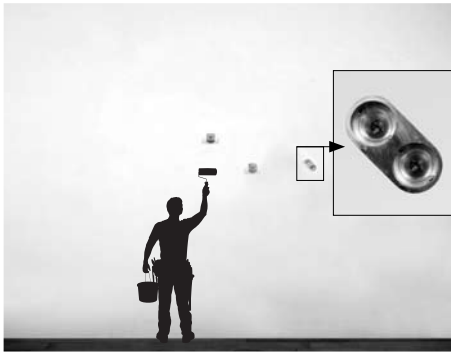

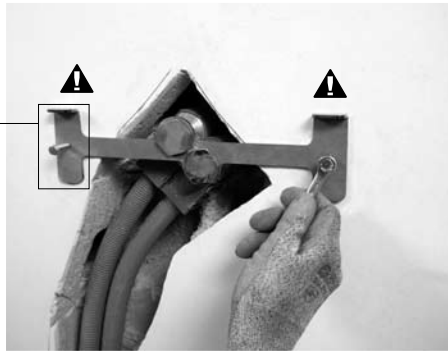

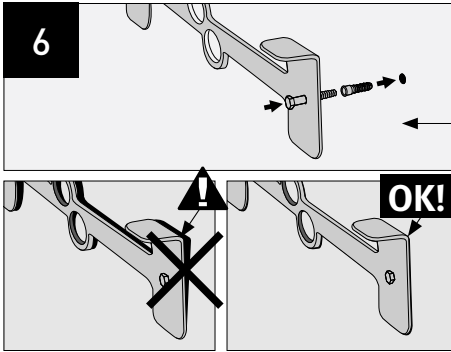

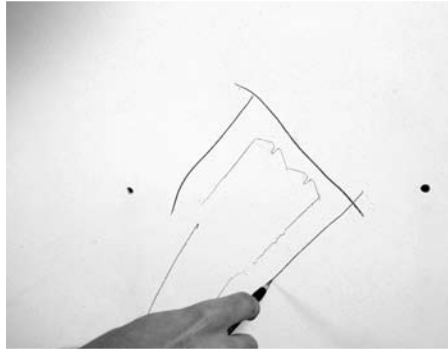

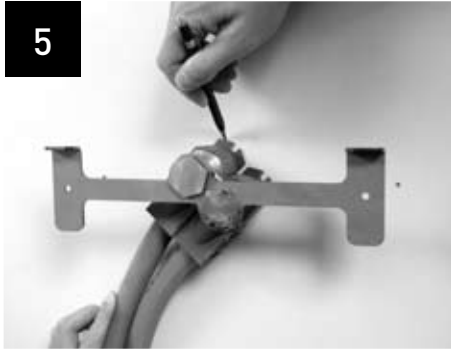

Prenez l'outil de montage, les pièces pour la fixation murale et le raccordement dans l'emballage.

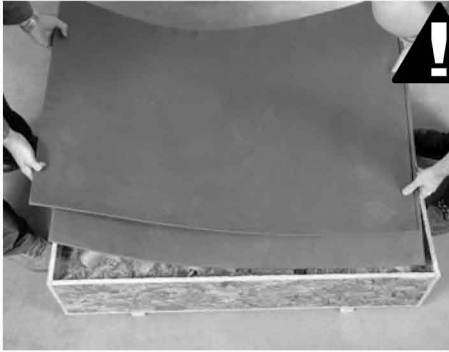

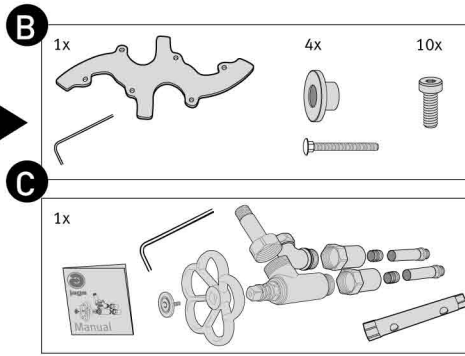

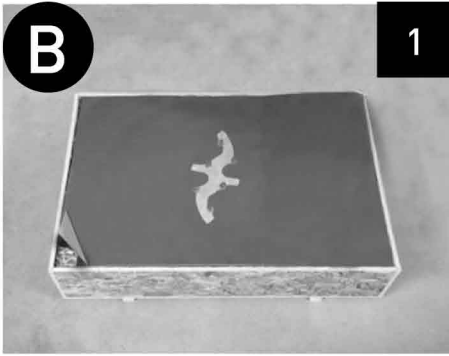

Nehmen Sie die Montageschablone, die Einzelteile für die Wandbefestigung und den Ventilanschluss aus der Verpackung.

Remove the stencil, the fixings and the valve connections from the packaging.

Heatwave'e zarar gelmemesi için parçaları ürünle gelen plastik yer minderinin üzerinde birleştirin.

Utilisez la mousse de caoutchouc comme protection sur le sol pendant le montage du Heatwave.
Benutzen Sie den Schaumgummi als Fussbodenschutz, wenn Sie den Heatwave montieren.

A foam rubber mat is supplied for protection of the Heatwave during assembly. Please place this on the floor and assemble the radiator on it before mounting.
